

ALLIES FIGHT WAY TO TEN MILES FROM OSTEND, SAYS PARIS

coastline, arrested at the same time with "Big Dave" Kolodny, James Moore and Isadore Switzky, plays in the Buff case is said to be that of potential informer.

Rosenstein has admitted to Headquarters that he was in West Washington Market at the time Buff was shot. He said he was so unnerfed he had to go into a saloon fifty feet away from where Buff's body lay to get a drink. But so far he has denied actually seeing the murder committed.

But the detectives have witnesses who say that Rosenstein saw the slaying. In the belief that he can identify the gunman who shot Buff if confronted with them, "Chicken" Moore is being held until such time as he weakens and expresses a willingness to "come across."

SON OF MURDERED MAN WILL TESTIFY MONDAY.

It is understood another witness will be Harry Buff, a son of the dead man. Mr. Delehanty thinks he has enough witnesses to keep the jurors busy for several days.

Because Harry Cohen had advised a desire to help the District Attorney he was not joined with the others in the indictment. He is already under \$5,000 bail on an old indictment charging him with taking part in an assault three years ago with "Tazy" the assassin who was discharged on parole from Sing Sing a few weeks ago. The assault was committed upon a Brownsville fish peddler, who would run his business to suit Cohen's whim.

Mr. Delehanty said today: "The material we have is being heavily supplemented by new and voluminous testimony on the part of the witnesses now under our protection. From sources that until to-day had been tightly closed, we are gaining considerable support."

James Moore, who was a witness before the Grand Jury, has not been asked to plead upon the indictment against him as yet. That indictment was for the assault upon Pearson. He is quite satisfied to be taken care of by the District Attorney.

"I want to say we have had every possible assistance from the police in this investigation. The case is a cooperation of the Police Department and this office has been thorough and harmonious and the police are entitled to a great deal of credit for the work they have done on the case."

Certainly there was nothing in the demeanor of Joseph Cohen as he faced Judge Malone last night to indicate that he was a nervous man. He gave his age as thirty-seven, his occupation as "contractor," looked something like Charles Becker, the Police Lieutenant convicted of the murder of Herman Rosenthal, and in his bold appearance as he stood at the bar of justice he reminded the observer of the assassin of the "Carmack" case.

"I have."

HAS A FINE HOME AND AN AUTOMOBILE.

He lives in a brownstone house on Park Street, in the Lee Avenue section of Williamsburg. The house is a masterpiece of expensive make and drives it constantly. In addition to his apartment in Weehawken he is interested in a small chicken and fish business in the Brownsville quarter, it is said.

RHEIMS SHELLED TO AVENGE PRINCE, REPORT IN PARIS

Story is That August Wilhelm Was Recently Wounded Near Cathedral City.

By William Philip Simms.

PARIS, Dec. 19 (United Press).—Rheims is being bombarded again because the Germans are angered at a French coup by which Prince August Wilhelm, fourth son of the Kaiser, was wounded. Such is the story which reached here today.

A French army observer near Rheims recently noted from his place of concealment a vast amount of preparation for some sort of a ceremony behind the German lines. The troops were driven up for review, bands were playing and he was convinced that Prince August Wilhelm, known to be in this particular section, was to inspect the troops.

The observer gave the range to a French battery and the guns were served so cleverly that when an automobile which carried the important personage for whom the troops were arrayed came into range a shell struck it. The French observer said he had seen Prince August, one of those in the motorcar, lying wounded in the head and leg from this shot.

That night the Germans began shelling Rheims again. The bombardment has been almost continuous since French are at a loss to understand why the town, which they say does not now contain any troops and which is unfortified, should be so raked with fire unless it is because of the rage of the Germans at wounding of their prince.

Dispatches from Berlin on Dec. 17 related that Prince August Wilhelm was in Berlin, "recovering from injuries he received in an automobile at the front." It was not stated whether these injuries were the result of gunfire or an automobile accident.

ELEVENTH-HOUR FIGHT TO SAVE FRANK'S LIFE

Lawyers for 'Condemned Man Present Data to Prove That He Did Not Have a Fair Trial.

ATLANTA, Ga., Dec. 19.—Hearings opened today in a desperate eleventh hour legal fight to save Leo M. Frank from the gallows. His attorneys presented to Judge Newman of the United States District Court a mass of data in support of their habeas corpus writ to release Frank.

Strong emphasis was laid on allegations that Frank did not have a fair and impartial trial because a "boisterous mob" outside was calling for vengeance. His attorneys contended, too, that the courts had lost jurisdiction by alleged denial of Frank's constitutional rights prior to rendering the death verdict and passing of the death sentence. This denial of rights was the agreement made without Frank's knowledge to keep him out of the courtroom while the crowd surged outside.

A decision from Judge Newman is not expected until after the holiday. The execution of Frank is scheduled for January 22. Frank's attorneys flatly declared to-day that if the habeas corpus writ is denied another appeal will be taken through to the United States Supreme Court.

A ZAPATISTA EXECUTED.

Paulino Martinez Put to Death in Mexico City.

SAN ANTONIO, Texas, Dec. 19.—Private messages received here announced the execution of Paulino Martinez in Mexico City by order of Gen. Angeles. Martinez was a former resident of San Antonio, but for the last two years had been closely associated with Gen. Emiliano Zapata and attracted public notice when he acted as spokesman for Zapata at the Aguascalientes Conference.

CHICAGO 48,000 Pairs of Trousers.

ORANGE, Dec. 19.—Forty-eight thousand pairs of trousers, costing \$72,000 were ordered here to-day by buyers for the French Government. The contract is a rush order. The trousers are of the ordinary workman's type for use of the sappers and miners of the French army. The British Government is preparing estimates for 6,500 motor trucks, according to information received by Chicago manufacturers. The order, it was estimated, would amount to \$10,000,000, as the trucks probably would average about \$1,500 each.

Twenty-five thousand dollars' worth of machinery and other equipment was destroyed in an hour and a half to-day by a fire which swept through the three-story brick factory of the Long Island Limestone Company at Mariners' Harbor, L. I. The building, owned by Abraham Averett of No. 29 Broadway, Manhattan, was an isolated structure at No. 125 Bay Avenue, so there was no chance of a spread of the flames. The fire started in the mixing room.

we were obliged to abandon a trench occupied the night before and set on fire by the enemy by means of hand grenades.

"Several German trenches have been occupied in the region of Mamets, and in the vicinity of Libons three violent counter-attacks on the part of the Germans have been repulsed.

"In the region of the Aisne there have been artillery engagements, and in the Champagne the artillery of the enemy showed, Dec. 18, increased activity as compared to the 17th.

"In the Argonne, in the forest of La Grurie, we blew up a German undermining trench. Near St. Hubert the enemy, by a very spirited attack, succeeded in making slight progress.

"It has been confirmed that on the heights of the Meuse our fire, directed by aviators, demolished two heavy batteries of the enemy and damaged a third battery.

"In the Vosges there has been spirited German rifle firing, but no attack."

Belgians in Bayonet Charges Take Trenches From Germans

LONDON, Dec. 19.—A Chronicle correspondent in Northern France wires:

"Roulers has been captured after our fierce assaults on the German trenches outside the town. The foundations between Dixmude and Nieuport have been surrounded by the allied troops, who have pushed northward from Dixmude and southward from Nieuport and joined forces on the north-east side of the floods.

"The offensive of the allies has been no less successful to the south. French and British troops have arrived at the gates of Lille. Fierce bayonet fighting in the streets of this great industrial city is reported, and a general withdrawal of the main German forces to Tourcoing and Roubaix has taken place.

"Repeated bayonet attacks have been pushed home at Lombartsyde, with the result that our patrols have advanced to Middelkerke, a few kilometres from Ostend. Fighting on the borders of the flooded area was particularly furious. The Belgians advanced toward the entrenched positions of the Germans at Oostkerke, but were driven back by the well posted mitrailleurs of the enemy. Three times they rallied to charge and three times they were repulsed. The fourth assault, however, crowned the gallantry of the Belgians with success and the trenches were carried at the point of the bayonet.

"So interwoven were the allied and German trenches in this region that the defeat of the enemy at Oostkerke was responsible for the capture of nearly 1,000 German prisoners. They were caught in parties varying from 30 to 300 in number. For a time the reckless dash of two armored motor cars into the Belgian lines nearly saved the situation for them. The cars fired with deadly effect until they were compelled to withdraw.

"The wounded are beginning to arrive at a base hospital. The German casualties are reported to be very heavy and sweeping."

ADMIRALTY DENIES COAST RAIDERS SANK ANY BRITISH SHIPS.

LONDON, Dec. 19.—The Admiralty has issued a statement denying that any British warships were lost during the recent raid by a German squadron on the east coast of England.

The statement adds that all German assertions to the contrary are untrue. That the British destroyer Hardy was among the warships which engaged the German squadron is disclosed by a casualty list issued last night. The list shows that two men were killed and fifteen were wounded aboard the Hardy.

The number of victims killed and wounded in the raid has now risen to 47. The additions are made at Hartlepool, where there have been several deaths from wounds, and where many more people are reported to have received injuries. Of 122 killed, only six were combatants, and at least fifty-seven were women and children.

As a result of the bombardment the kingdom has been flooded with posters, saying: "Avenge Scarborough! Up and at 'em now!"

\$6,000 ROBBERY AT HOTEL SAVOY BY BOGUS GUEST

Disappears After Gems and Furs Are Taken, Leaving Trunk Filled With Paper.

Central Office detectives are searching to-day for a well-dressed man who is accused of stealing \$6,000 worth of jewelry and valuable furs from patrons of the Hotel Savoy, Fifty-ninth Street and Fifth Avenue, and is suspected of having made raids in other hotels.

The Savoy robbery was carried out with all the coolness and daring that a Gaboriau villain might have shown. D. N. Hanson, a member of the firm of Mason & Hanson, woolen merchants of New York and Chicago, his wife and their daughter Rebecca were the victims. Mr. Hanson said to-day he would pay a reward of \$1,000 and would ask no questions if the stolen jewelry and furs were returned to him.

The Hansons live in Chicago. They came here one week ago yesterday to attend the debut of Miss Cornelia Leggett Woolley, daughter of Park Mason Woolley, of No. 2211 Broadway, and went to the Savoy, where they took a suite on the tenth floor.

On Tuesday last a dark complexioned man, clean shaven, six feet tall, good looking, went to the clerk's desk and asked he wanted a room. He expected his wife later in the week, he explained. Manager Herman Ries was given to understand that the new guest was a wealthy merchant. After being assigned to a room he went to it with a trunk and suit case.

Mr. and Mrs. Hanson went to Brooklyn Thursday evening last, and a young man called at the Savoy and dined with Miss Rebecca Hanson. She locked the door of the Hanson suite when she went to the dining-room. Upon returning after dinner she was astounded to find that the jewelry, furs belonging to her mother and herself and the fur overcoat of her father were missing.

Manager Ries learned that the tall man who registered at the hotel Tuesday was gone.

He had left that evening, carrying his suit case and wearing a fur coat. Entrance to the Hanson suite was effected through the room he occupied. A porter, suspecting all was not right, halted him at a doorway under a pretext that did not occur to his suspicions, and then he communicated with the room clerk, who reported that the guest's trunk was in his room. He then left the hotel and entered a taxi cab.

When the guest failed to return his trunk was opened and found to contain only a bundle of old newspapers.

QUOTATIONS AT 10.50 A. M. Market opening was dull, with insignificant price changes. Trading was light during the first hour and not many stocks were quoted, but small advances took place, with New Haven up to 29, Steel up to 5 1/2 and Amalgamated Copper at 55.

HITS ROCKEFELLER AND OTHER FOUNDATIONS Congressman Says Huge Wealth Is Concentrated to Give Charity, Rather Than Aid Workers.

WASHINGTON, Dec. 19.—That the foundations of Rockefeller, Sage and Carnegie merely give "air of respectability" to what he considered a vicious capitalistic system was the charge to-day of Representative Buchanan of Illinois, "Labor" member of the House.

"Proposed of the proposed investigation into these organizations, he declared he is opposed to them because they concentrate huge wealth and seek to pass out charity rather than to give the workman a chance in life."

"Why does the Rockefeller Foundation send food to Belgium," he said, "when they ought to be sending it to Colorado to the miners? Why doesn't the Carnegie Foundation do the same for the widows and orphans of men in the employ of his watered stock system?"

"We ought to have a complete investigation of these foundations," said Representative Keating of Colorado, another Labor member. "If they are on the level we ought to know it; and if they're not we ought to know it. It seems to me such concentrations of wealth give an opportunity for a master mind to influence a nation's mind for good or evil."

KILLED BY AUTO WAGON.

As a bakery auto delivery wagon driven by Clarence Seaman, No. 223 East Sixty-seventh Street, was going south in West Street, near Broadway, a man stepped from behind a pillar of the subway, which is elevated at that point, was knocked several feet and killed.

Policemen identified him as Patrick Lynch, thirty-five, of 120th Street, who was in a cab at Two Hundred and Tenth Street, near Broadway, when he was killed. He was said to be unmarried and had no family.

SENATE AGAIN REJECTS WILSON'S APPOINTEE; UPHOLDS A PRECEDENT

Refuses to Confirm Recess Postmaster in Senator Reed's Home City.

WASHINGTON, Dec. 19.—The Senate, by unanimous vote, has rejected the nomination of W. W. Collins for Postmaster at Kansas City. This action was taken upon the request of Senator Reed, who resides in that city.

President Wilson nominated Collins at the recent recess, and sent his name to the Senate yesterday. Senator Reed supported Emmet O'Malley while the Post Office appointment at Kansas City, but Postmaster General Harrison recommended Collins, the candidate of Representative Horland and W. K. Nelson, editor of the Kansas City Star.

Immediately after the Senate went into executive session the long list of Post Office appointments came up for reference. The Senate Committee on Post Offices and Post Roads acted at once upon the Collins nomination, making an unfavorable report. The presiding officer asked if the nomination should be confirmed, and not a Senator answered. He then asked if it should be rejected, and a great storm of ayes followed.

It has been the custom for years to permit a Senator to name the Postmaster of his own town, although a member of the House recommends persons for Post Offices generally in his district. Friends of Mr. Reed claim that Postmaster General Burleson promised to appoint O'Malley, but refused to do so after Senator Reed opposed the confirmation of Thomas D. Jones for the Federal Reserve Board.

The nomination of Francis W. Brown for Postmaster at Lincoln, Neb., was sent in. Mr. Brown is Secretary Bryan's candidate.

Chinese Shot By Robbers. Ching Taw, a Chinaman, sixty-three years old, was shot and perhaps fatally wounded by one of three robbers whom he surprised while they were trying to rob the cash drawer in his laundry at No. 879 Third Avenue, Brooklyn. The robbers fled without getting any money. Ching Taw was removed to the Norwegian Hospital.
